USP stands for the United States Pharmacopoeia. USP approval means you can be assured of purity, potency, stability and disintegration. Essentially it ensures that the product contains the ingredients listed on the label and that it has been made according to FDA Good Manufacturing Practices.

Should all vitamins and supplements I take be USP approved?

The history of virology – the scientific study of viruses and the infections they cause – began in the closing years of the 19th century. Although Louis Pasteur and Edward Jenner developed the first vaccines to protect against viral infections, they did not know that viruses existed. The first evidence of the existence of viruses came from experiments with filters that had pores small ...
