Valuation multiples are the quickest way to value a company, and are useful in comparing similar companies (comparable company analysis). They attempt to capture many of a firm's operating and financial characteristics (e.g. expected growth) in a single number that can be multiplied by some financial metric (e.g. EBITDA) to yield an enterprise or equity value.

Real estate appraisal, property valuation or land valuation is the process of developing an opinion of value, for real property (usually market value). Real estate transactions often require appraisals because they occur infrequently and every property is unique (especially their condition, a key factor in valuation), unlike corporate stocks, which are traded daily and are identical (thus a ...
